## President's Message

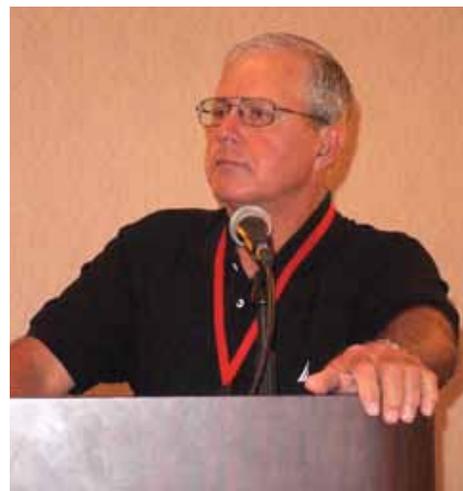

### Allen Di Marco

It seems I wanted summer to come more quickly this year than any other year. I had been working and communicating with the members of the Michigan Club during the year and was involved in the planning of what I felt was going to be an exceptionally great convention. Beth Vander Meer and I communicated nearly every week by phone and email sharing updates and plans for the agenda.

There was an air of positive anticipation as we designed and planned two very new and different convention activities created to provide additional involvement of the membership. From member participation, I feel confident that both of these initiatives will become mainstays of our yearly convention schedules. Those of you who took advantage of the Michigan Club's willingness to open their homes for club member to view their personal collections have reported overwhelmingly positive comments.

**Thanks to all of you who hosted visitations!** Also, for the first time, we held a barbecue on Friday evening. Even though we moved the "picnic" inside because of inclement weather, the comments were favorable and I have been encouraged to do it again!

The Convention schedule was expanded to include Thursday afternoon. The idea was to provide more free time for room viewing and a more relaxed atmosphere on Friday. From all reports, the membership appreciated the change. In 2014 we

will utilize a similar agenda to include Thursday afternoon as the beginning of the Convention schedule. If you have an idea that will enhance next year's convention agenda, please call or email me to discuss its potential. Any new ideas are welcome!

At the Saturday morning Board meeting it was decided to award the convention auction for 2014 in St. Louis to Woody Auctions. If you have consignments, please contact Jason by phone or email. His address is in the membership roster. I am pleased to announce that the Woody Auction Co. made a generous donation of \$1,680 to the club from the proceeds of the convention auction.

The Board voted to hold the 2015 Convention in Ohio. No date, city or hotel has been chosen at this time.

Walt Holz had reported at the general meeting that his red "Rutgers" hat was mysteriously missing. It showed up at the D.I.Y. Auction and was auctioned off for \$200! A check for \$100 from Woody Auction was donated to pay for one half of the "Red Hat" caper! An anonymous donor also

### Newsletter Policy

This newsletter is the voice of the members of the International Association of R.S. Prussia, Inc. We welcome articles from members. We ask that articles be constructive and contribute positively to the welfare of the club and its members. The newsletter is printed four times a year. Publication mail dates are February 15, April 15, June 15, and October 15. Articles submitted for publication are due to the editor by the 15th of the month prior to publication and are subject to editing. (For example, items for the June issue would be due by May 15th) We look forward to hearing from you!

## President's message continued...

provided \$100 to pay the remaining balance. Our good friend, Walt Holz, donated both checks back to the Club and paid the \$200 asking price for his own hat! What a great sport you are Walt! Imagine a Rutgers hat worth \$400 (maybe more than a red mark floral bowl!) Good Luck to Walt's favorite football team!

It is time to begin the planning

process of our 2014 Convention. I am sending an urgent plea to the membership for someone to help me and the board. We need a volunteer that will search the St. Louis area for activities or tours that our members might enjoy. We also need some members to take charge of the hospitality room, to help with finding banquet entertainment and to help

with planning the Friday picnic. If you would be willing to assist in any of these areas, please let me know immediately.

Make your plans for the 2014 Convention! If a red Rutgers hat created so much chaos this year, can you even begin to imagine what may take center stage this coming year?

## A Message from the Editor

### Two More Great Reasons to Attend Convention

**Linda Titus**

What a great convention we had in Grand Rapids. Thanks to Beth Vander Meer for all her hard work and thanks to the Michigan Club for showing us a great time. Convention is great for many reasons...see old friends again, meet new friends, buy lots of Prussia, see many rare and unusual items, learn things about Prussia you didn't know before, and the list goes on. But as my photo shows, two more great reasons to attend convention would be winning this beautiful plate and \$350 from the raffles that were held.

John and Taylor and I had to leave convention during the Do-It-Yourself Auction so we were not present at the banquet for the drawings of the items donated by the Tacketts and the cash give-a-way from the 50/50 drawing. Imagine my surprise when I got home and saw a post on the Facebook page that said I won not one, but two prizes! I guess you can call me "Lucky Linda," at least when it comes to RS Prussia convention raffles. This is the second time I won the 50/50 drawing so it would be a good idea for me to continue to buy those tickets that Bob Welter does such a great job of selling!

Bob has my vote as the official Raffle Ticket Chairman! Thanks, Bob, for your hard work and efforts raising money for the club and giving me a little spending cash. Actually I used the money to pay for Taylor's hotel room at convention since she is a college student and not flush with lots of money! Taylor is a new member and this was her first convention. She had a great time and learned much about Prussia! Our club members surely treated her well and she went home with lots of "goodies."

It has been a while since convention; time really flies. This issue is packed with convention information and photos and I hope it jogs your memory on the fun we had. If you were unable to attend this year, make plans to be in St. Louis next year. Just think of the fun we have to look forward to next year. Since we are on the subject of fun, David Mullins has just arrived home from a fun-packed trip to Poland to meet Richard Wittke, new member and museum curator from Tullowitz. Richard gave David the grand tour of the area. David has submitted an article and photos of his trip. This is

part one with part two to be published in the next issue.

Once we have this issue delivered to the Post Office, we can breathe a big sigh of relief and then we can get the website updated. If you have photos that you would like featured on the website, please submit them to us at [imagesinink@iowatelecom.net](mailto:imagesinink@iowatelecom.net) and be sure to mention in the subject line that they are photos for the website. If you cannot email them, you can mail the photos to us at Images In Ink, PO Box 983, Durant, IA 52747.

Enjoy your newsletter and please consider writing an article for our next issue.

## With Sympathy

The Club extends sympathy to Sally Fortune and the family and friends of Dean Fortune who passed away September 12, 2013. Sally is Mary Lou Bougher's sister.

*Editor's Note:* Our secretary Mary Lou Bougher had a death in her family plus some personal business to attend to this past month, therefore we do not have a Secretary's Report and other information we normally include in the October issue. She will submit those items for our next newsletter. The Treasurer's report printed below was for the last fiscal year (June 1, 2012 to May 31, 2013). There are no after-convention reports. We will publish this information in the next issue.

## Treasurer's Report

*Ken Bougher*

## Fall Michigan Club Meeting Slated for October 20

*International Members are Welcome!*

The Michigan Club Fall Meeting will be held at the Shetlar home in Frankenmuth at 1:00 p.m. on Sunday, October 20. The meal will be a potluck style with a honey baked ham provided by the Shetlars. Janet would like to extend the offer to other International club members that would like to attend this event. Kindly call Janet to RSVP. Your reservations will assist Janet in knowing how large of a ham(s) she will need to purchase.

During the Michigan meetings we share laughs, stories, the joy of our beloved R.S. Prussia and awesome company. If you can attend our meeting, we would love to have you!

## Heartland Fall Club Meeting November 1-2

The Heartland Club's Fall Meeting will be at the LaQuinta Inn & Suites, Carter Lake, Iowa November 1-3, 2013. Reservations need to be made by October 11 to receive the \$79+tax "Heartland" group rate. Call 712-347-6595 to make your reservation now!

# Ice Cream Social

# International Association of R.S. Prussia Collectors, Inc.

First Board Meeting, Thursday, July 18, 2013

R.S.P. Convention, Crowne Plaza, Grand Rapids, Michigan

Allen welcomed the board members and officers to our first board meeting plus Bob Yaklin, Nominating Committee Chairman. Present were Allen Di Marco, Rich Habenicht, Ken and Mary Lou Bougher, Judy Bazaar, Linda Gray, John Imboden, Walt Krzycki, David Mullins, Arlo Stender, Linda Titus and past president Terry Coy.

Mary Lou read the minutes of the 2012 final board meeting and Allen asked for any corrections. Being none Walt Krzycki motioned they be approved and Arlo Stender made a 2nd. Voted and approved.

Terry Coy brought up the issue of the free night's registration drawing. After a discussion, we agreed to continue the practice as we had not voted it down at the last meeting.

Allen called for a report on the upcoming election from Bob Yaklin, Nominating Committee Chairman. Walt Krzycki and Arlo Stender agreed to serve another term but John Imboden declined to run for a second term. Bob spoke on the serious issue we face next year of the President, Vice President, Secretary and Treasurer positions, plus 3 board members will need to be elected. Members asked to think of possible replacements.

We held a discussion on updating the website quarterly but a suggestion was made we change the first page pictures monthly to make the website seem fresh and new each month. This was agreed to be a good idea.

Concerning the members' only pages, David suggested a teaser page to entice new families to join so they could see more. The members' only page would have an Obituary area and copies of old newsletters. To access the members' only page, members would be given a password that would change yearly. Auction prices could also be in this area.

The possibility of the Club being

liable if we recommend auctioneers and someone would have a bad experience—would it reflect badly on the club. We decided we are not recommending or endorsing them, we are just listing auctioneers we know who sell a lot of Prussia.

David asked about the possibility of translating the newsletter into foreign language for our foreign members. We do not have the technology at this time. Linda said she would check into the possibilities. We are going to wait to see if the Polish members re-join next year. They were both sponsored by other members this year.

Concerning the current annual dues rate, Allen asked if they were covering the cost of newsletters. Mary Lou said the newsletter and postage cost us just over \$45.00 per family but that we rely on the convention, the DIY Auction, and donations to cover other costs such as office supplies, and additional postage. Therefore we can keep the dues at \$50.00 per year per family.

John Imboden announced that the Ohio club is donating the balance of their treasury to the club totaling \$1304.00 to the International club. A check was given to Ken Bougher, Treasurer. A thank you note will be sent.

Allen asked Mary Lou and Linda about any problems with the dues deadline of March 31st. They replied there was a problem with the current deadline in order for Mary Lou to process the dues, send lists to Linda and for her to process them to get the April newsletter out on time. To change the date, we must vote to change the bylaws. We propose a March 1st deadline in the General Meeting.

John Imboden asked about the free nights for officers. Allen explained we do not get charged for the rooms but the free rooms are based on the nights

members spend at the hotel. Allen was able to negotiate the comp nights based on the total number of nights rather than daily total nights. Under the each days nights, we might have 118 people stay 1 night but only get credit for 3 rooms and lose any credit for the other 28 nights that night. With it based on total number of nights, if we have 118 one night 100 the next and 89 the 3rd, we would get credit for 307 nights or 8 free rooms. Under the previous system we would only get credit for 7. The President and Vice-President rooms are always comp under the contract and the free nights go 5 to the Secretary/Treasurer, 3 to Editor, 1 to Howard Greenburg for the DIY Auction, 1 to each Seminar speaker and 1 awarded to the winner of the free night registration drawing.

Comments were made on the problems members were experiencing with hotel check-in, refrigerators, tables, etc. Allen has talked to the hotel staff and they are bending over backwards to correct the problems including purchasing new refrigerators and ordering new tables.

Mary Lou gave her Secretary report. We are up in membership to 257 members; in part thanks to the Facebook site and members sponsoring new members. We also have an increase in attendance for the convention much to our surprise.

Allen announced the Barbeque may be moved into the hotel due to weather problems. The hotel has graciously allowed us to hold it here even though they are not catering it. It was decided for Allen to use his executive authority to decide on any payment to the hotel for allowing the Barbeque to be here.

David asked about the possibility of closing the auction to club members only. The problem is we have trouble finding an auctioneer each year and the auctioneer would not accept closing it as he wants it open to all plus the

## ***First board meeting continued...***

internet to get the best prices for the consignor.

Allen brought up the resignation of Mary Lou Bougher as Historian after 26 years due to leg problems. Allen asked us to talk to members about it. Judy Bazaar and Beth VanderMeer are both interested.

Rich Habenicht mentioned Harry

Renker is interested in giving a talk to the club Saturday.

Bob Yaklin asked for help in finding the new officer slate. Walt Krzycki suggested the Secretary and Treasury positions be increased to 6 Years. Mary Lou and others stated this would not be a good idea as it is hard enough to find members to take the

positions. Mary Lou said it could not be retroactive. The idea was tabled.

Motion to adjourn made by Terry Coy, 2nd by Walt Krzycki. Voted and approved.

*Respectfully submitted,  
Mary Lou Bougher, Secretary*

## **The Quest for the Best**

***Submitted by Arlo Stender***

**F**our days before we left for our trip to Michigan I broke a bone in my right hand. I was the tail twister while working cattle and my hand got caught between the cow and the gate. My right hand isn't in much pain but my left shoulder is because I am forced to use my left arm and hand, and I have an old shoulder injury from upsetting a tractor.

We left Iowa on Friday and on Saturday we reached Tackett's Antique Store in Michigan. Everything was outstanding, impressive, clean, and reasonable. The traveling took a toll on both of us so we rested for two days in Grand Rapids. We felt much better after our rest. We then drove to Frankenmuth on Monday. We attended the tour of homes and everyone was very gracious and hospitable. It was a privilege to see such beautiful RS Prussia.

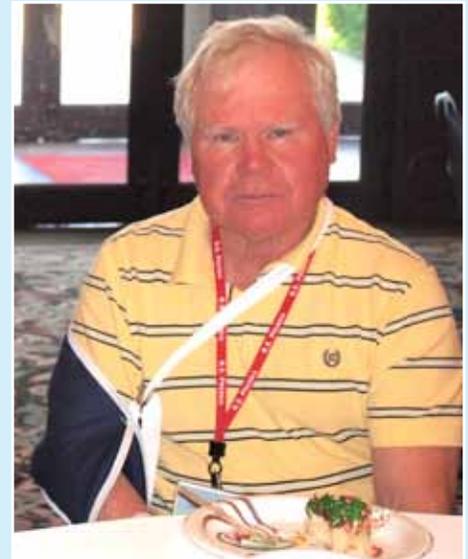

I first became an RS Prussia collector in 1971. On December 7, 1974, I bought my first RS Prussia portrait at a Gene Harris Auction in Marshalltown, Iowa. It was a winter season iris mold bowl. In 1981 the Massena local banker sent me an advertisement about a John Woody RS Prussia auction in St. Louis. It was advertised as the largest floral auction to date and the collection came from Pennsylvania. A melon boy cream and sugar was also on the auction and I purchased it.

After the auction Mary Phelps introduced herself to me. She invited

me to come to her home to meet her husband, Shelby, and to see their collection. Shelby told me he had collected for 40 years and had several RS Prussia auctions over the years. As he was a Pastor, they had never owned a home of their own. He said RS Prussia paid for their new house and that it was better than money in the bank. He told me about Dr. Thomas Surratt, a dentist from Alabama. Years later I was in Dr. Surratt's hotel room and a man came in wanting to sell an extra large, cobalt blue, RS Prussia bowl. Dr. Surratt bought it.

More years passed and I receive a phone call from a young man. He said he called because my last name "Stender" is listed in Mary Gaston's book alphabetically beside his late father Dr. Thomas Surratt. I gave him my condolences. The young man told me he wanted to sell some of his father's RS Prussia. I asked if he had any iris mold portrait season bowls. He told me there was a stack of them. I went to the bank and got a lot of cash. My brother suggested that it would be better not to take a lot of cash and so I got a large cashier's check instead.

On the way to Alabama I stopped at an RS Prussia auction. C. L. Riley had told me about how Harold Snyder had searched for 17 years for a particular 15-inch Tiffany portrait tanker. Three months after he found it he was tragically killed in a car accident. I bought this tankard at the auction.

My son and I arrived in Alabama and there were no iris portrait season bowls. The young man's brother had taken them. I purchased two nice melon eater pieces from him, but he would only accept cash. He and I drove up to the bank window to cash the cashier's check but the teller would not accept it. I only had enough cash to buy the extra large, cobalt bowl and still have enough money to get home.

This happened approximately 20 years ago and pre-dates my use of a credit card. I sold the tiffany tankard five years after I bought it. The tankard returned to the set Harold Snyder had put together. To date it is the only outstanding piece of RS Prussia I have sold.

This year at convention I did buy a melon eater dice player chocolate set. I do think good things come to those who wait.

**Facebook Seminar**  
*presented by Allen Marcus,  
 David Mullins and Gary  
 Marshinski*

**Convention Seminar**  
*presented by Jason Woody*

**Thank You**

Thank you Woody Auction for the generous donation of \$1680.00 to our club!

**Thank You from the Michigan Club!**

*Beth Vander Meer*

I would like to express sincere thanks to the following individuals and for their support:

- Hospitality Helpers, without your willingness to lend a hand and your continued support on a daily basis our hospitality suite wouldn't have been as well organized and full of delicious food! Mary Frances Coy, Carolyn Hernden, Lou Darland, Sue Smith, Harold Dodds Sr., Judy Bazaar, Jon & Sue Houserman, Freda & Ed Mott, Carl & Norma Tackett. Please forgive me if I forgot to specifically mention someone... your help was appreciated too!

- Carol & Norma Tackett for all the extra goodies, the Michigan blueberries provided for

both the hospitality suite and for the ice cream social plus the cases of small water bottles we enjoyed in the hospitality suite. The Tacketts, being such loving and giving people also donated three items that were raffled off at the banquet: Winners: 1st prize – Linda Gray, R.S. Prussia Booklet, 2nd Prize - Crisell Seguin, Snowdrop Cream & Sugar and 3rd prize – Linda Titus, Small plate.

- Larry Wood and the Allegan Antiques Market for purchasing all the soda pop and bottled water for the barbecue on Friday night.

- Barbara Coultas for baking the awesome cobblers – everyone loved them! You are hired for next year too!

- Dr. Jim and Janet Shetlar for supplying the tasty cakes for the Ice Cream Social.

- Allen DiMarco for all his support throughout the entire convention planning process. The convention in Michigan wouldn't have been as successful without his assistance and mentoring for the past year plus.

- Woody Auctions for the use of their equipment for the Rare & Unusual seminar and Jason's support with the minor technical glitches that we encountered. Thanks for your patience and trusting our novice staff with you expensive equipment!

- Lastly, a very special "Thank You" to everyone that brought homemade baked goods and those that purchased special items for the hospitality suite. The overwhelming generosity was unbelievable! I don't think anyone left the hospitality suite hungry or thirsty.

*Thank You*

I am writing this note to thank everyone at convention that shared with me their caring thoughts on the passing of my wife, Karla. The convention was a very stressful time for me; another first event without her. Your kind words helped me greatly. I remember Allen's words at one of our meetings, "When you say goodbye to your friends when leaving convention it could be the last time you ever see or talk to them."

I'm sure a lot of club members (friends) would agree that there was something about Karla that she could touch your heart a little when she would meet you. She was a fun-loving Woman, Mother, Grammie, Wife and Friend. I miss her dearly.

Thanks again for your love and support,  
*Dick Hartzheim*

# 20 Year Anniversary of the Do-It-Yourself Auction Nets Over \$2800

20 Year Total Surpasses \$55,000!

## A Note from Selma Greenberg

I'm happy to say that Howard is doing nicely and starting to feel much better. After driving the 280 miles home, our doctor immediately sent him to the hospital. The exam showed very low blood pressure and extremely low platelets. He received two blood transfusions and another two last week. His progress is being closely watched by our doctors. But he is feeling more like himself.

I do want to thank you so much for the caring phone calls and good wishes. A special thanks to Drs. Joe Krick and Jim Sheltar for being on the scene. Scott James, you were my soul mate and mainstay until Howard and I left for home. I can't thank Dale Bowser and his friend for firmly insisting to drive us home, but H.G. would have none of it. Another offer of his room (in case ours was unavailable) was just great. What wonderful friends.

We heard the final results of the Do-It-Yourself Auction from the Coys and Howard was elated. I think he felt so bad about not being there, but knew Larry Bazaar, Jason Woody and the regulars would handle it well.

Above all, the incident reminded Howard and I, we are not merely a club of R.S. Prussia, but a club of good caring friends.

Hoping to see all of you in St. Louis with H.G. leading the DIY.

*Love, Selma Greenberg*

# International Association of R.S. Prussia Collectors, Inc.

Business Meeting, Friday, July 19, 2013

R.S.P. Convention, Crowne Plaza, Grand Rapids, Michigan

Allen DiMarco, President, called the business meeting to order and welcomed members to the 28th convention of the International Association of RS Prussia Collectors Club, Inc. convention in Grand Rapids, Michigan.

It was noted that author and member Eileen Barlock is very ill and a card is at Grady and Annette Hites' room for all to sign. Also noted Ida Parrott and Fred Zumthrun were planning to attend convention but were too ill to attend.

Vice-President Rick Habenicht did the roll call of states. As he called each state, members attending from there stood up and were recognized. Then he announced a roll call of those members deceased in the past year.

Allen suggested we accept the Secretary's minutes of the last meeting as printed in the newsletter. Carl Tackett made a motion we do so 2nd by Selma Greenburg. Voted and approved.

Carl Tackett gave a report on the audit of the Treasurer's books. The audit was done this morning by Carl and Ed Smith. The books were complete and correct.

Motion made by Selma Greenburg to accept the Treasurer's report as printed in the handout. 2nd by Carl Tackett.

Voted and approved.

Bob Yaklin gave a report of the Nomination committee. Walt Krzycki and Arlo Stender accepted their nomination to run for the office of board member for a 2nd term. However we still need to replace John Imboden who declined to run for a second term. Bob asked for any nominations from the floor. David Mullins nominated Allen Marcus. Allen wasn't sure how long he had been out of office but accepted the nomination. Second by Harold Dobbs. After Bob asked for any further nominations, Howard Greenburg made a motion the nominations be closed. 2nd by Ken Newcomer. Motion approved. Larry Bazaar made a motion we elect the slate as shown by acclamation. 2nd by Ken Newcomer. Voted and motion carried.

Allen proposed we make a change to the by-laws to the effect the deadline for payment of dues be changed to March 1st instead of March 31st to give the secretary and editor more time to assemble the roster.

Motion made by Jon Houserman and 2nd by Bob Welter. Voted and motion carried.

Allen recognized Beth Vander Meer for all her hard work on the Barbecue and the convention and for those who helped her.

First time attendee, Peter MacLean of Canada made the comment we need to post the location of the hospitality room in the lobby. Point taken. We will make sure this is done next year. Allen announced the rooming list notebook is available in the hospitality room.

Mary Lou Bougher gave her Secretary's report. It was reported we currently have 257 members and have added a new member at the convention who found out about it online. We had 88 families register so far for the convention and 172 attendees. The 66 families who pre-registered were thanked. It makes things much easier for the secretary and treasurer at convention.

Mary Lou recognized and gave

## General meeting continued...

certificates to the following members who have achieved 25 years of continuous membership in the club: Barb Coultas, Richard Nuffer, Norma & Carl Tackett, Terri & Gary Thomas, Margo Nance, Jeanne & Lawrence Leggett, Ron Larson, Dr. Rene and Marta Faylona, and Carolyn & Lucien Battle.

Allen thanked Beth Vander Meer

for her idea of inviting members to visit members' homes in Michigan on Tuesday. It was very well received.

Beth reported the barbecue will be held in the hotel instead of at the park due to weather. A member made the comment that it was good to have a family-friendly event for those with small children who feel the banquet is too structured for small children. We have 109 registered for it. Allen said he was delighted to have been proven so wrong on the idea of the barbecue.

Howard Greenburg was recognized for his idea in 1993 of having a "Do-It-Yourself auction that has raised over \$53,000 for the club. He reminded us to bring our items for this year's auction.

Allen announced the next convention will be held at the Holiday Inn at Earth City in St. Louis, MO on July 22-26.

The room charge will be \$96.00 per night and will include breakfast.

Allen said the hotel has been completely renovated and changed so much that members who had gone there for the Woody Auctions would not recognize it.

Location of the 2015 convention will be decided on at the board meeting.

There was a spirited discussion on Walt Holz's missing hat and who could have stolen it. Walt said he was almost late to the meeting as he had to spend 25 minutes combing his hair. No information was obtained on his missing hat.

Allen announced Judy Bazaar will be the new Historian replacing Mary Lou Bougher after 25 years of service.

Bob Welter made a motion that we adjourn. Seconded by Larry Bazaar. Voted and approved.

*Respectfully submitted,  
Mary Lou Bougher, Secretary*

# The Friday Night **Barbecue** was a Success!

Thank you to everyone for making the barbecue a success at this year's convention. I hope that everyone who attended enjoyed their meal. The barbecue was obviously well received as the final count was around 120 people; way more than we had anticipated.

# Rare and Unusual

*Submitted by Beth Vander Meer*

Thank you to everyone who participated in the Rare & Unusual Seminar this year. It is always amazing to see the items that are brought to this seminar as well as the awe-inspiring stories about where the item was found or what they were told the item was. Those in attendance are always educated by the discussions that the pieces inspire.

A special thanks to Dolores and Larry Gilbert for allowing Jon and Sue Houserman to borrow so many outstanding items to share at this year's seminar. These truly amazing old mold items are a treat to see and discover their intended purpose.

Bob Yaklin brought his extremely rare collection of nine Admiral Peary pieces and he provided insightful and educational details about the differences in their decorations. Mary McCaslin shared her large picture frame she brought back from one of her trips to Germany. Dale Rothrock brought two marked lobster dishes after a debate from last year's convention to prove, that yes, they do exist.

I'm positive that the audience appreciated these and all the other items that were brought to the seminar. I wish I had written down everyone's items so I could call out each one separately. My apologies; I will try to do this next year.

Lastly, I would also like to send a personal thank you to the Woody Auction Company for being so generous and allowing the club to utilize their camera equipment for this seminar. For the past three years, either Woody or Wroda Auctions have been more than willing to assist the club by loaning this equipment. Their kindness has saved the club the added expense for audio visual equipment. Our club has many great people who continue to go above and beyond to make the convention a wonderful event!

Thanks again for allowing Jon, Bob, and I to host this presentation during the 2013 convention. Keep a look out for your next "Rare & Unusual" item! We would all love to see and hear about your find in 2014!

# International Association of R.S. Prussia Collectors, Inc.

Final Board Meeting, Saturday, July 20, 2013

R.S.P. Convention, Crowne Plaza, Grand Rapids, Michigan

Allen convened the board meeting at 8:00 a.m. and welcomed those re-elected. John Imboden had declined to be re-elected. Allen suggested that since all of us had been at the 1st board meeting, we dispense with the reading of the minutes and accept them. Motion made by Walt Krzycki and 2nd by Rich Habenicht. Voted and approved.

The first item of old business is to decide what to do about Allen Marcus being elected to the board. It was discovered that according to the by-laws (Article 9, Revision August 2010) he was ineligible as he was still on the board in 2011. Discussion was held on pros and cons of situation. We cannot have another election during convention as we have had no notice of it to members. Motion made by Rich Habenicht we leave position vacant until next year. 2nd by Ken Bougher. Voted and approved.

Reading of the Secretary's report from the meeting was suspended on a suggestion from Allen to save time as we all had been at the meeting. Motion made to suspend reading made by Judy Bazaar, second by Linda Gray. Voted and approved.

Next we discussed the barbecue problems. They ran out of food before all people were served. The problem was that the cost included either chicken breast or pulled pork—not both. People were taking both. Refunds were given to those not served. If we do one again, we will have two serving lines; one for chicken and one for pork. The board members agree we should try to do one next year as it gave those with children a good activity and other than the food shortage problem, it was a big success. Motion made by Arlo Stender that we have an informal meal next year whether a barbecue or something

similar, seconded by Ken Bougher. Voted and approved. Allen brought up the invaluable help during barbecue and also to the hospitality room by two men named Garfield and Edwardo. A motion was made by Linda Gray we give each one a \$25.00 extra tip for their service. 2nd by Ken Bougher. Voted and approved. Ken to write checks to both of them.

Under New Business, Allen talked of the problems of finding and costs of renting equipment such as projectors, cameras, easels and screens. When Woody holds the auction, they have graciously loaned us their camera and projector. We are grateful for this but they are not always the auctioneer and not all auctioneers have or will loan this equipment. Linda Titus has a used projector she has and will check it and also to check costs of a projector and camera. Mary Lou Bougher made a motion we purchase a projector. Second by Walt Krzycki. Voted and approved. Buying of a camera tabled.

The 2015 convention was discussed and Cincinnati suggested by Ken Bougher as a possible site. Other sites were mentioned. Ken made a motion we hold the 2015 convention in Cincinnati. Seconded by David Mullins. Discussion held of possible other sites. Voted and approved.

Larry Bazaar reported on the Roundtable Discussion Meeting and some recommendations from that meeting. There was a suggestion to change the business meeting to Thursday. Also we should have a table in the main lobby staffed by volunteers to greet members and for volunteers to personally guide new attendees to places such as the hospitality room and where the meetings and auction will be held. We have a welcome banner but there is no direction other than the hotel electronic signage and hotel

monitor guides to let attendees know what is to be held where and when. We need a more personal welcome. Convention packets could be given out there to attendees which would save a lot of time for the secretary and treasurer. Another suggestion was to have a convention room sign-in sheet in the lobby where it would be easy to find. Terry pointed out we used to do that but hotels did not approve as not everyone coming in would be a RSP convention member and it “junks up” the lobby. At the registration table however, we could have the room sign-in books for members to find members rooms. Someone suggested more outside activities. Terry said this had been tried before with little success. We did have the visits at Michigan members' homes which was a success.

On membership, Walt Krzycki will draft a letter to delinquent members to find out why they dropped their membership. This may help retain more members.

Allen announced that Judy Bazaar was appointed as club Historian.

Allen mentioned that Linda Titus will continue as Newsletter Editor.

On the 2014 and 2015 auctions, Linda Gray made a motion we award the 2014 auction to Woody Auction and the 2015 auction to Wroda Auction. Seconded by Mary Lou Bougher. Discussion held. Walt Krzycki called for the question. Voted and approved.

With no other business to discuss, Arlo Stender made a motion to adjourn. Seconded by Linda Gray. Voted and approved.

*Respectfully submitted,  
Mary Lou Bougher, Secretary*

# Home Viewing was New for 2013 Convention

*Submitted by Beth Vander Meer*

On Tuesday, July 16, five Michigan club members opened their homes for members of the International Club to visit and view collections as they traveled to the convention in Grand Rapids. My home was one of the homes on the tour. I personally enjoyed sharing my collection with the six guests who stopped by. It was a wonderful chance to talk more intimately and become better acquainted with these members.

I believe that this experiment was a huge success and I hope all who participated enjoyed the experience. I also hope they offered input to board members to see if this type of function can be continued for future conventions.

## Convention 2013

# Postcards from Tułowice

Submitted by David Mullins

Wednesday September 11, 2013 was the beginning of an eight day adventure for me. The plans to make this wonderful trip were first put in motion back in January when I met Ryszard Wittke on the RS Prussia Facebook page. Ryszard Wittke is the curator of Muzeum Porcelany R.S. Tillowitz-Tułowice in Tułowice Poland. When Ryszard and I met we quickly became great friends. He has shared so many beautiful photos on Facebook of Tułowice. Tułowice is the city where the Schlegelmilch porcelain that we love so much was made. He had been telling me for months that I should come and spend time with him and his family. I am so happy that I accepted his invitation. My trip to Tułowice is one of the happiest times I've ever had. Ryszard, his family and friends and the city of Tułowice made everything about my stay perfect.

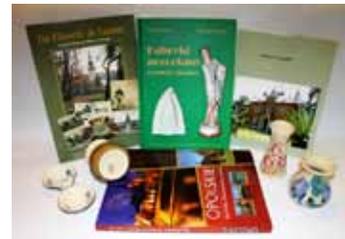

My plane arrived in Wroclaw at 12:10 PM. Wroclaw is a one hour drive from Tułowice. Ryszard Wittke, Jacek Niedzwiecki and Daniel Ptak were there to greet me. Jacek is Ryszard's closest companion, and Daniel has been Ryszard's closest friend for many years. My trip from the airport was very interesting yet familiar. I joked that it was like being in Ohio. The freeway was very nice

and there were miles and miles of cornfields just like in Ohio. When we arrived in Tułowice we drove by places I'd only seen in books. On the way to Ryszard's home we passed the Schlegelmilch factories, Schlegelmilch Villa and Frankenberg Palace. What a wonderful drive from the airport. It was like a dream. I was in the heart of the city where our beautiful porcelain was made.

When we reached Ryszard's home his mother and father welcomed me with open arms.

He has the kindest family. Ryszard had many gifts waiting for me including a PT Tułowice Chocolate set decorated in black and gold that had been a gift from his parents to his grandparents before he was born. The PT factory went into business after the Schlegelmilch factory closed. The

pot is inscribed in German "Zum Andenken von Margarete - Horst und Eva 1967". In English this says "The Souvenir of Margaret - Horst and Eva 1967". Margarete, Horst and Eva are Ryszard's mother, father and oldest sister. He also gave me wonderful books about Tułowice and the Schlegelmilch factories. I'll bring these books to convention next year to share with everyone. Ryszard's home, where the museum is located is so beautiful. I love plants and his

mother has beautiful plants in all the rooms, and the yard is filled with a beautiful garden and pond. They even have a chicken coop and we had fresh eggs each morning. Everything about their home, street and yard were meticulously cared for. Staying in their home was so nice. Ryszard's mother fixed the most delicious Polish dishes.

My favorite place in Ryszard's home was the museum that he created on the second floor. I spent hours looking at all the beautiful pieces of Schlegelmilch porcelain that he has collected. It's easy to see that great love and thought goes into the beautiful displays he's created. Ryszard's admiration and enthusiasm for Schlegelmilch porcelain is a joy to see. He showed me many pieces that were gifts from the USA and Canada that he is so proud of. He prominently displays all these gifts. It makes him feel so special that he has friends in the USA and Canada that want to help him with his dream of a wonderful museum in Tułowice. Ryszard's home is only one block from where the old Schlegelmilch factories were located. There is a second story deck on the back of his home with a view of the last remaining smoke stack. He has such a connection to our beautiful porcelain. It must be wonderful to be surrounded by so much history.

Wednesday evening we took a nice walk in Ryszard's neighborhood. We walked by an old train station next to the factories. Ryszard told me that there had been talk by the city of renovating the train station into a

museum for his porcelain. Everywhere we walked Ryszard knew everyone we'd seen. He introduced me to so many of his friends. Tułowice is a close community where everyone knows their neighbors. Everyone I met was so kind and I felt so welcomed in my new surroundings. Each day would be filled with adventures and surprises. When I went to sleep Wednesday night I never imagined the fun that was in store for me.

Thursday, September 12 was my first full day in Tułowice. Each morning began with a delicious breakfast prepared by Ryszard's mother. After breakfast Ryszard and I went for a bike ride in Tułowice. The streets in Tułowice are so beautiful. The streets are either brick or cobblestone. The houses and small cottages are beautiful. Many of the homes are hundreds of years old. As we road along, Ryszard would tell me the history of many of the homes. He'd say, "Many years ago that one use to be a hospital," or "Factory workers for the Schlegelmilch factory lived in that home." Our first stop was the Catholic Church that he attends. The church is very beautiful with many monuments. One monument dated back to 1598 for a Heinrich von Dreske. I quickly learned that religion and the belief in God is very important to the Polish people. Everywhere I turned I'd see a religious monument or beautiful church. At the cemetery near the Catholic Church, Ryszard pointed out that some of the graves have porcelain plaques that were made

at the Schlegelmilch Factory.

From the Catholic church we road to the German Church that the Schlegelmilch family attended. Ryszard showed me a newly laid gravel path that winded through a beautiful wooded area where the Schlegelmilch graves are located. Seeing the graves of the family responsible for our beautiful porcelain was such an honor. It was so nice to have a moment of silence to show respect to the family whose porcelain gives me so much joy. The spot where the Schlegelmilch family was laid to rest is a beautiful serene place. Ryszard with the help of others in his community take great care in seeing that the Schlegelmilch grave site is preserved and maintained.

From the German Church and cemetery, we road to the school that Ryszard attended. He showed me a museum at the school with many interesting exhibits. There were wildlife, plant and mineral exhibits. I saw many photographs of Tułowice through the years. It is easy to see that Tułowice is very proud of its heritage. From the school we went to the Frankenberg Palace. This is an incredible palace with the most beautiful architecture. Ryszard is friends with someone at the palace who gave us a tour of many of the rooms. The beautiful woodwork throughout the palace is breathtaking. One of the staircases has the original fresco paintings and I got to see a beautiful wood inlaid coat-of-arms in the center floor of one of the ball

rooms.

After our bike ride we returned to Ryszard's home where I was greeted by a TV crew from TVP in Opole. The TV station wanted to interview me. The lady who interviewed me made me feel at ease. I'd never been on TV before. I had brought Ryszard a Schlegelmilch clock as a gift for his museum and the TV crew filmed him opening the gift. I was also interviewed on Thursday by the NTO newspaper of Opole. Thursday night I was on the 11 o'clock news and on Saturday I was in the paper. What could happen next?

On Friday I had a meeting with Helena Wojtasik, the director of the Cultural Center in Tułowice. She showed me some beautifully decorated Polish Pisanki (eggs). Decorating eggs in Poland is an ancient tradition that dates back to the 10th century. She showed me a group of eggs decorated by a local artist and asked me to choose one as a gift. The egg I selected is so beautiful. I can't imagine the time and patience it would take to produce such a beautiful piece of art. The artistry and attention to detail that we love in our porcelain is still alive and well in Tułowice.

After my visit with Helena I toured factories located in buildings that originally housed the Schlegelmilch Factories. The "Ceramics Wojtaszek SP.J." makes beautiful ceramics. The owner took me on such an extensive tour. I got to see all aspects of the manufacturing process. I also got to see shelves and

shelves of molds that were used when the PT factory operated in Tułowice. I believe “Ceramics Wojtaszek SP.J.” replaced the PT Factory. The owner was so kind and gave me two figurines as a gift. Ryszard told me that the clown figurine was made from an old Schlegelmilch mold.

I also toured “Fab-Style Sp. Z o.o.” a clothing manufacturer located in one of the old Schlegelmilch factories. Fab-Style gave me a very nice jacket that I wore most of my trip. I enjoyed visiting the manufacturing facilities very much. It’s wonderful to see that the heritage of quality manufacturing continues in Tułowice in the same factories that made our beautiful porcelain.

I also got to tour one of the factories where the old kilns are being dismantled. Ryszard told me that there are plans to turn this portion of the factory into a restaurant. To see the old kilns that fired our porcelain was such a treat. In the rubble I found an old PT Tułowice vase. The person in charge of the demolition of the kilns said I could have the vase. What a day it was and it only got better.

At 5:00 Friday evening I was asked to talk with representatives of the city of Tułowice about Schlegelmilch porcelain. I showed them photos I took at the International Convention. The Mayor of Tułowice, Wieslaw Plewa attended the meeting. A lady from a museum in Opole was at the meeting to translate my English

for the group. After the meeting, the Mayor of Tułowice stayed to talk with me about plans for a porcelain and ceramics museum in Tułowice. He also invited me to come to his office during my stay so he could show me plans for the museum. Half of the museum would be for Ryszard’s collection of Schlegelmilch porcelain and half of the museum would be for a PT porcelain collection. After the meeting we walked back to Ryszard’s home with some of the people that attended the meeting. I don’t remember ever feeling so happy and important.

Two days in Tułowice and I’d met Ryszard’s wonderful family, beautiful home and museum, I’d been on TV, interviewed by a newspaper, and took a bike ride down cobblestone streets to historical churches and landmarks. I toured a museum, a palace and the old Schlegelmilch factories. I was given a beautiful gift by one of the directors of the city, was asked to speak to the city representatives and I met the mayor. Every day of my eight day trip was as exciting as the first. I look forward to sharing more photos and information in upcoming newsletters. The memories of my trip to Tułowice are a joy for me. I now have a second family and a second home in Tułowice. I hope others will take the same journey that I took. My stay in Tułowice was one of the happiest times in my life. I look forward to visiting again and again.

# 2013 International R.S. Prussia Convention Auction Results

Saturday, July 20, Noon • Woody Auction

Lot	Description	Price	Lot	Description	Price
